Email: [giftedisprecious@gmail.com](mailto:giftedisprecious@gmail.com)

LinkedIn: [linkedin.com/in/giftedtech-precious-a46421249](https://www.linkedin.com/in/giftedtech-precious-a46421249)

## About Me

I'm a passionate front-end developer who loves building clean, responsive websites and apps that make life easier for users. I enjoy turning ideas into real, working products using tools like HTML, CSS, JavaScript, and React. I'm always learning, experimenting, and pushing myself to get better at what I do.

## Skills

- Languages: HTML, CSS, JavaScript (ES6+)
- Frameworks & Libraries: React.js, Tailwind CSS, Bootstrap
- Tools: Git & GitHub, VS Code, Chrome DevTools
- Other: Mobile-friendly design, working with APIs, Figma basics, SEO-friendly structure

## Projects

### Hand2Hand - Buy & Sell Marketplace App

React, Tailwind CSS

A simple, user-friendly app (like Jiji) where people in Nigeria can buy and sell second-hand electronics and gadgets. I designed the front end to be clean and easy to navigate on both phones and desktops.

### University Past Question Finder (In Progress)

React, JavaScript, Tailwind CSS

# OGUNLEYE PRECIOUS TEMITOPE

Front-End Developer

An app that helps Nigerian students find past questions by course, university, and year. Focused on ease of use and quick search functionality.

## Education

B.Sc. in Physics and Electronics

Adekunle Ajasin University, Akungba Akoko, Ondo State

[Insert your graduation year here]

## Soft Skills

- Good at solving problems
- Always willing to learn
- Communicate clearly
- Can work well with a team
